**Marcus:**

Hi Julia,

I have received the mail and read your message with much pleasure.  
I know where is Kazan. I have seen your city using the satellite view (do you know Google Earth software?).  
I have seen that your city is on the Volga river and on the Kaban lake and that it is a very big city. If you give me your precise address, perhaps I succeed also to see your house.

I have read in your message that you are a model. This thing don't amaze me. You are a splendid woman! It isn't easy in Italy to meet a women so beatiful.

Regarding your father, it is not beautiful what it has happened to you.

Please, can you explain me what you want to say with " **Russian men need only one, but I not such**"? I havent understood the right sense of the phrase.

Regarding the relation to build, I want to be absolutely sincere with you:

I am a man of 45 years old and I are married with a woman that I love totally. We have a son of 14 years old (my wife and my son are for me the life). So the my only idea is alone to create a sincere friendship. I have seen your photo on badoo and I am remained bewitched from your beauty and I am also sure that behind this beauty there is also a sweet and sincere character (I read this in your eyes). So, if you want, we can write ourselves messages to speak togheter of all that we want to speak.

Now some things of me: I am a mechanical engineer and I live and work in a small city in the center of Italy, on the Adriatic sea : Pescara. The picture that I send to you is a satellite view of my city (the arrow is my house).

My interesting are the family (do you remember that I adore my wife and my daughter?) and also, in the last five-six years, the latin dance (salsa – bachata – merengue : do you know?).

We go to a dancing-school and we have made a group of friends dancers with an age that goes from 20 until 50 years. We go to dance togheter all the weekend and we amuse ourselves very much.

Then we love very much to go to the beach, especially now that in Italy it is very hot (today we will have 35 degrees).

My person? Simply: 1,75 m of height with 68 Kg of welght; eyes brown and browns hairs. A typically normal italian man!

Ok, Julia, now I must finish this my first message because I must job (now I stay in my office).

I hope that today you will have a good day.

I shall be very happy to receive your news, of course if you will want write still to me. In fact, I have read that your idea is to find your favorite person and I understand that what I have proposed to you is not what you would have with this contact.

No problem, read your letter and then write you an answer for me it has been very important because I have been able to speak with one NEW FRIEND.

A new your friend

**Marcus:**

Dear Julia,

just some words before to begin the job after the dinner.

Also for me the day begins at the 6.00 with a shower, then a breakfast with milk and then coffee.

At the 7.00 I go to job and the mine work days finish in the evening at the 6.00 or 7.00 or 8.00 or 9.00: I haven't a right hour to close the office.

Of course I have one pause for the dinner and I go to eat at home (about 15 minutes by car).

I have computer in the office and at home and now I stay into the office.

Tomorrow I will not work and I and my wife will go to the beach, then in the evening we will go to dance with the friends.

I don't know Dima Bilan. Now I have downloaded one his song so to listen the type of music: I think discomusic, have I reason?

My favourite music is all the latin american songs and specially salsa. If you want to have a good idea of this type of music, listen a song of Marc Anthony (the Jennifer Lopez's husband), for example "Que precio tiene il cielo". Form me it is the better music of the world.

A good weekend for you

Ciao
